ABOUT ME

I'm Ritwik Joshi, a **2x TEDx Speaker**, AI & Robotics Entrepreneur, and Tech Leader. At present, I am the Founder of **Yantrarora Innovation (Robosa Robotics)**, Partner & Tech Director at **GENIE AI, Canada**, and Co-Founder & CTO at **Ability Advocacy**.

I engineer indigenous **Humanoid Robotics** (28 full-body DoF & 47 facial micro-actuators) and enterprise **Agentic AI** architectures—helping leadership teams turn frontier engineering into real business advantage.

I've represented the Indian Startup Ecosystem internationally at **Dubai Expo 2020** as part of the official startup delegation of India and at **Bursa Malaysia**, reaching **12,000+ leaders across 30+ global stages**.

Drawing from active hardware and enterprise deployments, I deliver high-impact keynotes on **Agentic AI**, **Physical AI & Humanoid Robotics**, **Industry 5.0**, **Autonomous Systems**, and **Executive & Founder Storytelling**.
